INDEPENDENT AUDITORS' REPORT

Board of Supervisors

West Hempfield Township

Lancaster, Pennsylvania

We have audited the accompanying financial statements of West Hempfield Township (the "Township"), Pennsylvania, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting in a form prescribed by the Pennsylvania Department of Community and Economic Development as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Board of Supervisors
West Hempfield Township
Lancaster, Pennsylvania

Auditors' Responsibility (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2, these financial statements are prepared on the modified cash basis of accounting under the reporting provisions of the Pennsylvania Department of Community and Economic Development (DCED), which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Pennsylvania DCED.

The effects on the financial statements of the variances between these regulatory accounting practices, described in Note 2, and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2018, or changes in financial position for the year then ended. Further, the Township has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each fund of the Township as of December 31, 2018, and their respective changes in financial position for the year then ended, in accordance with the modified cash basis of accounting and the financial reporting provisions of the Pennsylvania DCED as described in Note 2.

WEST HEMPFIELD TOWNSHIP
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

NOTE 1: NATURE OF ENTITY

West Hempfield Township, Lancaster County, Pennsylvania (the "Township"), which was founded in 1818, has an approximate population of 16,153 based on the 2010 census report, living within an area of about 20.9 square miles. The Township is in the southeastern portion of the Commonwealth of Pennsylvania.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Township have been prepared on the modified cash basis of accounting in a form prescribed by the Pennsylvania Department of Community and Economic Development (DCED). The modified cash basis of accounting, which is a special purpose framework other than United States generally accepted accounting principles, is similar to the cash basis of accounting except that accounts receivable, accounts payable, accrued wages and accrued benefits are reflected in the financial statements. Under the modified cash basis of accounting, a statement of cash flows is not presented and fair value disclosures are omitted. Accordingly, the financial statements are not intended to present financial position and results of operations in conformity with accounting principles generally accepted in the United States.

Reporting Entity

The Township is a second class township under the laws of the Commonwealth of Pennsylvania and operates under a board of supervisors-manager form of government. The financial statements present all fund types and account groups of the Township. They do not include volunteer fire companies located within the Township, which are considered independent and have their own boards of directors which are not appointed by the Township.

Budgets and Budgetary Accounting

As set forth in the Township Code, the Board of Supervisors is required to adopt an annual budget for the General Fund. The annual budget is prepared in accordance with the basis of accounting utilized by the General Fund. The Township Manager is authorized to transfer budgeted amounts within and among departments; however, any revisions that alter the total budgeted expenditures must be approved by the Board of Supervisors.

Description of Funds

The accounts of the Township are organized on the basis of funds and account groups, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures. Governmental resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and groups of accounts are used by the Township:

Governmental Fund Types

Governmental funds are those through which most governmental functions typically are financed. The acquisition, use and balances of the Township's expendable financial resources, and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position rather than upon net income determination. The following are the Township's governmental fund types:

Governmental Fund Types (Continued)

General Fund

The General Fund is the Township's primary operating fund and is used to account for all financial transactions not accounted for in another fund. It receives financial support from a variety of sources including real estate taxes, earned income tax, licenses and permits, fees for services, interest, and state and federal distributions. It provides for various services including general Township government, police protection, and health and welfare programs.

Special Revenue Funds

Special Revenue Funds are used to account for revenue sources that are legally restricted to expenditures for specific purposes as follows:

Liquid Fuels Fund

The Liquid Fuels Fund is used to account for state distributions of the proceeds from the state tax on gasoline. Under the Act of June 1, 1956, P.L. 1944, No. 145, this fund must be kept separate from all other funds and no other funds shall be commingled with this fund. Expenditures from this fund are restricted to street construction, maintenance and repairs in accordance with Pennsylvania Department of Transportation regulations.

Street Lighting Fund

The Street Lighting Fund is used to account for all special assessment real estate taxes collected and disbursements made relative to street lighting.

Fire Hydrant Fund

The Fire Hydrant Fund is used to account for all special assessment real estate taxes collected and disbursements made relative to fire hydrant service.

Refuse Fund

Transferable Development Rights Fund

The Transferable Development Rights Fund is used to provide financial resources to assist with farmland and open-space preservation.

Proprietary Fund Type

Proprietary funds are accounted for using the economic resources measurement focus; the accounting objectives are determination of net income, financial position and cash flows. All assets and liabilities associated with a proprietary fund's activities are included on its balance sheet.

There is no equity in this account group; therefore, the balance sheet - modified cash basis reflects the long-term debt offset as 'Other Debits' on the General Long-Term Debt Account Group financial presentation.

General Fixed Assets Account Group

The General Fixed Assets Account Group is used to account for fixed assets used in operations. No depreciation is recorded on general fixed assets. Disbursements on public domain ("infrastructure") general fixed assets, including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems are recorded as expenditures. The cost of normal maintenance and repairs to buildings and equipment that do not materially add to the value of the asset or extend asset lives are not capitalized. Fixed assets that are no longer used in operations are retired.

Cash

The Township considers all demand and time deposit accounts maturing within thirty days, which are not subject to withdrawal restrictions or penalties, to be cash.

Investments

The Township is authorized by the Pennsylvania Second Class Township Code (the "Code") to invest its funds. Authorized types of investments for governmental and proprietary funds include the following:

Real Estate Taxes

Based upon assessments by the County, real estate taxes are billed and collected by the County's tax collector. The Township's tax rate for the year ended December 31, 2018 was 1.45 mills (\$1.45 per \$1,000 of assessed valuation) as levied by the Township Commissioners. At December 31, 2018, Governmental Funds cash and investments included \$1,061,741 of funds in escrow from developers and others to ensure completion of projects within the Township.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of a financial institution failure, the Township's deposits may not be returned to it. The Township has a deposit policy for custodial risk that requires depository institutions to pledge securities as collateral for deposits that exceed depository insurance. Cash balances of governmental entities are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000 as of December 31, 2018. The Township maintains investment accounts where the cash and investment balances are insured by the Securities Investor Protection Corporation (SIPC) up to \$500,000. At December 31, 2018, the Township had deposits of \$8,152,984 which were exposed to custodial risk because they were collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Township's name. The Township had uninsured investment balances at December 31, 2018 of \$6,825,093.

NOTE 4: FIXED ASSETS (Continued)

Depreciation expense charged to Refuse Fund operating expenses totaled \$1,500 for the year ended December 31, 2018. Equipment is depreciated on the straight line basis over estimated useful lives of 5 to 7 years.

NOTE 5: RISK MANAGEMENT

The Township maintains both insurance contracts and self-funded arrangements to deal with the risk of loss arising from the following events: torts; thefts of, damage to, or destruction of assets; business interruptions; errors and omissions; job-related illnesses or injuries to employees; acts of God; and losses resulting from providing medical benefits to employees and their dependents.

Insurance contracts cover public officials, law enforcement, automobile and umbrella liabilities. The contracts also provide employee, tax collector, treasurer and employee blanket bonds. There have been no reductions in coverage during 2018. During the year ended December 31, 2018 and the four previous years, no settlements exceeded insurance coverage.

The Township has two self-funded arrangements through risk pools for medical and workers' compensation claims. Both of these arrangements are retrospectively rated policies. In a retrospectively rated policy, the Township pays in the maximum amount per covered employee during the period based on their past loss experience on an actuarially determined formula. Subsequent to the plan year, the premium amount is determined based on actual losses during the plan year. As these are pooled arrangements, any excess of losses over premiums paid in by one member is shared by the remaining members. Any excesses of premiums over losses remaining after cost-sharing are refunded to the members. If losses of the pool exceed premiums paid in by all members of the pool, the pool is allowed to make additional assessments to negate this deficit. During 2018, the Township received \$100,498 of refunds, recognized within the General Fund as 'Refunds of Prior Year Expenditures', from these two risk pools for the 2017 plan year.

Due to the nature of the self-funding arrangements, as the amount of all insurance claims must be determined prior to any refund or assessment, the amount of any amounts receivable or payable by the Township in regard to these arrangements cannot be determined as of December 31, 2018.

NOTE 6: LITIGATION

The Township is involved in various claims and legal actions arising in the ordinary course of business. The outcome of these matters cannot be determined for the year ended December 31, 2018.

NOTE 7: PENSION PLANS

Plan Description

The Township contributes to two defined benefit pension plans, the West Hempfield Township Police Pension Plan and the West Hempfield Township Non-Uniformed Pension Plan. The assets of these two plans are invested separately and each plan's assets may be used only for the payment of benefits to the members of that plan in accordance with the terms of the plan.

Valuation of Investments

All investments of the pension plans are reported at fair value based on quoted market values. Investments that do not have an established market value are reported at estimated fair value. Insurance holdings, if any, are valued at reported contract values.

Trends

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the accrued liability as a factor.

West Hempfield Township Police Pension Plan

The West Hempfield Township Police Pension Plan (the "P-Plan") is a single-employer defined benefit pension plan administered by Wells Fargo Advisors. The P-Plan covers all full-time, uniformed employees of the Township. The P-Plan provides retirement, disability and death benefits to P-Plan members and beneficiaries.

Contributions

Act 205 requires that annual contributions to the P-Plan be based upon the P-Plan's Minimum Municipal Obligation (MMO), which in turn is based on the P-Plan's biennial actuarial valuation. Effective January 1, 2011, employees are required to contribute 5.00% of compensation to the P-Plan. The P-Plan may also be eligible to receive an allocation of state aid from the General Municipal Pension System State Aid Program, which must be used for pension funding. Any funding requirements established by the MMO in excess of employee contributions and state aid must be paid by the Township in accordance with Act 205.

Changes in Actuarial Assumptions

As part of the January 1, 2017 actuarial valuation, the following change in actuarial assumptions and methods were made. The mortality table changed from the RP2000 Table to the IRS 2017 Static Combined Table for Small Plans.

Annual Pension Cost and Net Pension Obligation

The annual required contribution for 2018 was determined as part of the January 1, 2015 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return and (b) a salary increase of 5.00% per year. Provisions for administrative expenses are added to normal cost. The assumptions included post-retirement mortality, disability and inflation. Retirement is based upon normal retirement age. The amortization method utilized is the level dollar closed basis. The Township's annual pension cost and net obligation to the P-Plan for 2018 were as follows:

Annual required contribution	\$ 221,760
Adjustment to annual required contribution	<u>206,750</u>
Annual pension cost	428,510

In accordance with the NU-Plan’s governing document, employees are not required to contribute to the NU-Plan. The NU-Plan may also be eligible to receive an allocation of state aid from the General Municipal Pension System State Aid Program, which must be used for pension funding. NOTE 8: POST-EMPLOYMENT HEALTH CARE BENEFITS

Plan Description

The Township has established the West Hempfield Township Postemployment Benefits Plan (the "OPEB-Plan") to provide Other Post-Employment Benefits (OPEB) including hospitalization, major medical, dental services and prescriptions. The OPEB-Plan is a single-employer OPEB plan which covers all members of the police force who upon retirement have attained the age of 50 and completed 25 years of service. The retiree is responsible for payment of 25% of the premium for coverage. Such benefits are also available to retiree spouses if the retiree pays 25% of the family tier rate. Retirees and spouses may participate in this OPEB-Plan until they reach Medicare eligibility age, at which time they are required to enroll in Medicare.

Contributions

The Township has elected to finance post-employment benefits on a pay-as-you-go basis. The Township recognizes expenditures for post-employment insurance when claims are filed with the plan administrator. No contributions are required of retirees outside of the previously disclosed payments.

Annual OPEB Cost and Net OPEB Obligation

The annual required contribution for 2018 was determined as part of the January 1, 2017 actuarial valuation, the last actuarial valuation conducted, using the entry age normal actuarial cost method. The actuarial valuation involves estimates of value of reported amounts and assumptions about the probability of events far into the future and is subject to revision based on actual results. The actuarial assumptions included (a) 4.50% investment rate of return, (b) a salary increase of 5.00% per year and (c) a healthcare cost trend rate of 6.0% in 2017. The assumptions included post-retirement mortality, 90% percent married and 100% participation. Retirement is based upon the latest of age 53, age at completion of 28 years of service or age on the valuation date.

NOTE 11: ADHERENCE TO GOVERNMENTAL ACCOUNTING STANDARDS

Due to the size of the Township, the Supervisors believe it is not practical or cost effective to conform the financial statements to all Governmental Accounting Standards Board (GASB) standards, and it would not provide meaningful, useful information. Thus, the Township has decided not to issue a financial statement which conforms to all GASB standards. As explained in the independent auditors' report and Note 2, they have elected to present the financial statements on a special purpose framework. Some of the largest variations between these special purpose framework financial statements and financial statements which conform to GASB standards are created by GASB standards 34, 54, 61, 68, 73, 75, and 82. Two major items that are required by GASB standards but are not included in this special purpose framework report are as follows:

1. Financial managers are required to share their insights in a management's discussion and analysis (MD&A) that gives the reader an analysis of the government's overall financial position and results of the previous year's operations.

NOTE 11: ADHERENCE TO GOVERNMENTAL ACCOUNTING STANDARDS (Continued)

2. Financial statements would be presented under a dual perspective - a government wide perspective and a fund level perspective.

NOTE 12: SUBSEQUENT EVENTS

Events that occurred subsequent to December 31, 2018 have been evaluated by the Township's management through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 13: GENERAL OBLIGATION NOTE

In May 2017, the Township applied for a general obligation note in the amount of \$7,630,000 to be used to finance the design and construction of a new municipal building, the acquisition of related real estate rights and interests, acquisition and installation of related equipment, machinery, furnishings and professional fees. The proceedings authorizing the issuance and sale of the note have been approved by the Department of Community and Economic Development of the Commonwealth of Pennsylvania. The note was purchased by Fulton Bank, N. A.

A sinking fund was established and segregated from all other funds of the Township. The Township covenants and agrees to deposit respective amounts of debt service appropriations, together with any other funds available to the sinking fund to pay the principal and interest on the note as of and when the same shall become due in accordance with terms of the note. The sinking fund shall be secured and invested by the paying agent in securities or deposits authorized and permitted, and any deposit or security in the sinking fund shall be in the name of the Township.

The note has been designated as a qualified tax exempt obligation. The note obligation contains a representation that the Township has not designated more than \$10,000,000 in aggregate principal obligations which would be considered "qualified tax-exempt obligations" during the calendar year 2017.

The note bears interest at a fixed rate of 2.68% through June 1, 2024, and changes to a variable rate equal to the sum of 68% of the LIBOR Rate plus 1.90%, not to exceed 4.25%, and is payable semiannually on June 1 and December 1 of each year until maturity. The note matures on December 1, 2037. The unpaid principal balance of the note at December 31, 2018 is \$7,305,000. Total principal and interest payments made during the year ended December 31, 2018 were \$325,000 and \$170,627, respectively.
