

TOWNSHIP REFUSE/RECYCLE OPT-OUT: ONE TIME OPPORTUNITY

West Hempfield Township will be placing our refuse/recycling service out to bid later this year and will have a new refuse/recycling contract effective January 1, 2027. Our new contract might be with our current hauler, Republic, or might be with a new hauler, as we must contract with the lowest bidder.

BY ORDINANCE, ALL RESIDENTS HAVE ONE OPPORTUNITY TO OPT-OUT OF OUR REFUSE/RECYCLING SERVICE.

Residents wishing to opt-out must do so by July 31, 2026. After that date, all residents who have not opted-out will be required to maintain refuse/recycling service through the Township at least until the next contract is placed to bid in 3-5 years (the contract will be 3 years, with 2 one-year optional extensions).

Please complete and return the form below if you wish to opt-out. Those opting out must maintain a refuse/recycling service with a Township approved hauler and must provide documentation to the Township of your selected service.

The Township will NOT assist residents with concerns/complaints about a private hauler if you chose to opt-out.

** If you are currently approved as an opt-out resident with an approved private hauler, you are automatically on our opt-out list for the next contract.*
